It has been known for some time that these gentlemen were dissatisfied with Harrison and the management of the Republican party. They are all men of great influence, and they will each take into the Democratic party a large personal following, more especially in the case of Judge Greatam. The news is naturally displeasing to the Republican campaign managers and they don't care to take about it.

about it.

For the same reason the Republicans did
not care to talk about the resignation from
their party of ex-assemblyman Frederick
B. House, who was one of the "Wicked"

GRANT, PORTER AND GRACE.

Possibility that These Three Will Be the Mayoralty Candidates.

Interest in political circles now centres on the Mayoralty nominations of Tammany Hall. the Republicans and the Anti-Snappers. There is said to-day to be no longer any doubt that the Anti-Spappers will put a third ticket in the field.

The Committee of Ten appointed by that organization to confer with the Democratic National Committee on that subject held another meeting and named ex-Assistant District-Attorney A. D. Parker, J. J. Quinlan and Isaac H. Klein as a committee to try to nduce other Democratic organizations to join in the movement against Tammany Hall.

Ex-Mayor Grace, as a matter of course, has Ex-Mayor Grace, as a matter of course, has the call on the third ticket Mayoralty nomination. If he does not head the ticket himself he will have the naming of that candidate, who will, in that case, probably be improvement Commissioner Louis J. The Tammany leaders, however, are said to favor Mayor Grant for another tegm, and if he should insist on his declination either Commissioner Gircy, Richard Croker, J. H. V. Arnold, J. D. Crimmins, J. Sergeant Cram or J. R. Hoosevelt may be named.

The Republicans talk of nominating Gen. Horace Porter or Hanker Jesse sellgman.

Nominations by the party organizations will be made the same day, Oct. 18, and politicians will be kept guessing until them.

Republicans are already laying plans to capture the Assembly by trading Mayoralty votes with the Anti-Snappers for votes for Assemblymen. This is the danger of a third ticket which Mr. Croker pointed out in an interview with an Evenino Month reporter last week. The Assembly Districts in which the Republicans are said to have a majority are the Eleventh, Twenty-first and Twenty-hird, and the Twenty-fifth and Twenty-eighth are considered close and doubtful on an issue.

The Twenty-fifth is Mr. Gilroy's old dis-The Twenty-fifth is Mr. Gliroys old dis-trict, and the Twenty-third and Twenty-eighth were formerly parts of the old Nine-teenth. All the other districts are counted upon as safely Democratic, and if they are not kept so it will not be the fault of Tam-many Hall, the Wigwam leaders say.
